Youth Baseball & Softball Leagues Postponed

As the Branson Parks and Recreation Department and the City of Branson continue to work with local, state and national organizations to prevent the spread of COVID-19, the decision has been made to postpone the beginning of Youth Baseball and Softball season. At this point, the start of practices has been postponed until at least the week of April 20, 2020. Parks officials will continue to evaluate this timetable and provide updates as they become available.

The Branson Parks and Recreation Department is committed to exercising all feasible and safe solutions in an attempt to provide area youth with a successful baseball and softball season if and when conditions allow. At this time, team and individual registrations are still being accepted online. The registration deadline will be extended until further decisions have been made regarding the start of the season. Staff will continue to work to prepare for the upcoming season to ensure a quick and seamless transition as soon as possible. Thank you for your understanding and patience.
