New Ball Method

13. Whenever a ball goes OUT OF PLAY or a GOAL IS SCORED, a coach announces "New Ball!" and rolls another ball into play.
 - a. NO KICK OFFS after a Goal!
 - b. NO KICK-INS!
 - c. NO GOAL KICKS!
 - d. NO CORNER KICKS!
14. There is no referee. The coaches are responsible for controlling the game
15. Substitutions are done "on the fly" like hockey. When a player gets tired or the coach wants to make a substitution, the player runs off the field and a new player runs on. No stoppage.

Tips for Success

16. Several balls are required for this method. Use a regular "kick-off" to start each half.
17. The two coaches assign themselves each to half of the field and carry one or two balls in their arms.
18. If the ball goes slightly out of play, but the player dribbles the ball back in, that's ok - let them play on!
19. The 'new ball' should be rolled to neutral space or toward the disadvantaged team.
20. Coaches control the pace of the game. You may need to pause for a few seconds before distributing a new ball, especially after a goal. Give the players several seconds to re-set and rest after a goal. Roll the new ball in near the center of the field toward the team that was scored against.
21. DO NOT bounce the 'new ball' as it is difficult for these players to judge a bouncing ball at this age
22. Favor the team on the wrong end of a one sided game
23. Favor individual players who are not becoming involved in the game
24. Have parents retrieve lost balls and return them to the coach who just rolled the new ball in so he/she now has 2 balls once more!
